## LUMBER CAMPS FIND DRY LAW IS GREAT AID

Prohibition is not hurting Seattle or the lumber towns of the Pacific Northwest, in the opinion of Walter A. Engle, clerk in the land office, who with Mrs. Engle, returned today from Washington state.

Engle says that businessmen of Seattle with whom he talked declare their city is prosperous and that the dry law has not affected prosperity. He visited several lumber camps and employers there told him the dry law has had a good effect upon the men.

"Formerly," they said, "our men turned out for work on Monday morning bleary-eyed and thick-headed from too much hitting of the booze. This day is past now, and all the men report on the first of the week in good condition."

The land clerk says he also talked with a tailor in Seattle, who was an opponent of the dry law, thinking it would kill his business. The tailor finds his collections increased to quite a sum since the saloons went. He believes the reason is that men have more money to buy good clothes since they quit spending it for booze.

## HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.
